Privacy statement

The Mathematical Association of Victoria (MAV) respects your privacy. This means that we have adopted the privacy principles contained in both Commonwealth and State laws and have established clear internal guidelines about the way we gather and use your personal information. We gather this information solely to manage your membership and the services that we provide to you. We will not collect information that does not pertain to this. In order to serve the purpose of the association – valuing mathematics in society – and to improve the service we provide, MAV may use collected information for evaluation and research purposes. All collected information will be protected against loss and unauthorised use or disclosure. MAV will not disclose individual information to third parties without seeking permission first. You will always be able to request access to associated information. VER2012.1

The Mathematical Association of Victoria is a membership driven association that provides a voice, leadership and professional support for mathematical education. Through our program and services we aim to promote mathematics, mathematics education, and its importance to society.

MAV has more than 1400 members and reaches nearly 10,000 teachers and 950 schools across Victoria from all sectors of education, and has been an active non-profit professional association for more than 100 years.

STUDENT MEMBERSHIP

Student membership is open to any person studying mathematics or education at a tertiary institution as part of either a full time or part time course. Membership entitlements include automatic membership of the Australian Association of Mathematics Teachers, the *Highest Common Factor* (electronic edition only), copies of MAV's newsletter *Common Denominator*, access to MAV's electronic MAVlist e-news, and a quarterly journal relevant to membership level – *Prime Number* (Primary) or *Vinculum* (Post-Primary), along with member rates and discounts on professional development activities and resources. As a special offer MAV will honour the prices quoted below for graduating student teachers so long as the membership application is so certified by an education lecturer from the institution the student will graduating from.
