

# Made By Maths

REAL WORLD MATHEMATICS  
A MAV APP  
WINNER OF APTA AWARD FOR INNOVATION  
<http://madebymaths.mav.vic.edu.au>

## STUDENTS

- > Learn real world mathematics
- > Master 'things to do'
- > Collect trophies

## TEACHERS

- > Retrieve and review student work
- > Approve work to be viewed by other students

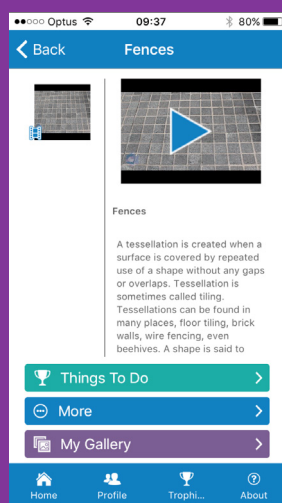

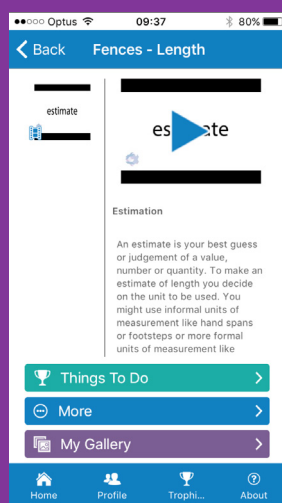

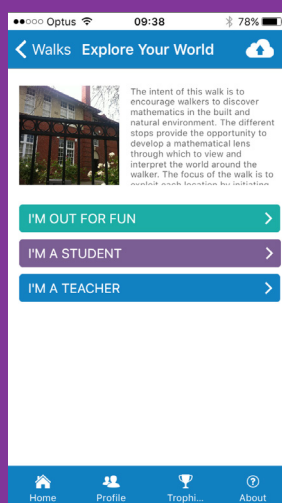

**NEW WALK RELEASED: EXPLORE YOUR WORLD.  
THIS WALK CAN BE COMPLETED ON ANY SCHOOL GROUNDS!**

### EXPLORE YOUR WORLD

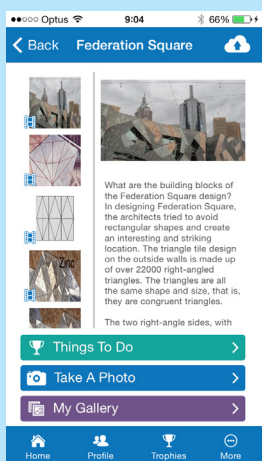

The intent of this walk is to encourage walkers to discover mathematics in the built and natural environment. The different stops provide the opportunity to develop a mathematical lens through which to view and interpret the world around the walker. The focus of the walk is to exploit each location by initiating a mathematical investigation. It is the intent of the walk that participants will come to identify other opportunities for investigation.

Levels 5 to 8

Location: your school

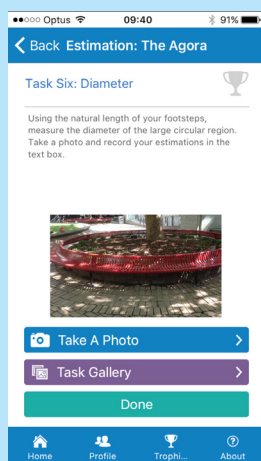

### SWANSTON STREET

This walk features buildings and architecture that were constructed with mathematics at the forefront of the architect/designers minds'.
